

Market Report for Tuesday August 13<sup>th</sup>

We had 1608 cattle for this sale. It doesn't seem right that a fire in a packing plant in western Kansas can cause the Feeder Future Board to go down 11 dollars in 2 days but it seems like that's the world we're in. However Feeder Market unevenly steady to 5 lower. Ten pot loads of yearlings here today were mostly steady to 2 lower. Decent run of Fall Bred Cows selling today. Young cows were \$12-1600. Middle age cows \$1000-1200. Old cows \$800-1000.
