Market Report for Thursday September 29

We had 2341 cattle for this sale. Market was mostly 3-5 lower. Some heifer calves could have been 5-7 lower. However, fancy strings of black calves sold near steady. No load lots of steers to compare to last weeks sale. Ten pot loads of black heifers sold very well considering flesh condition on most. Everyone agrees cattle numbers are down and prices should rise some time. However, keep in mind high feed prices are here for a while, some areas are having water shortages, and stock market/economy doesn't look very good. High interest rates are starting to be a factor as well, but cattle still dollar up very well.
